

Compashield U-shape

U-shape profiles are normally used in designs where it is mounted on a note, an up-standing part of a wall or similar. Assembling is normally easy.

Compashield U-shape can in an economical way also be delivered spliced into endless O-rings by use of the patented Compashield Splicing Tool. This can in many application be an advantage to make assembly easier and to ensure that no gap can occur over time.
